## CONSUMER RESPONSIBILITIES

- Payments are to be made on a monthly basis.
- It is the consumer's responsibility to review the monthly bills and notify the City of any concerns.
- If payments are not made by the indicated due date, a ten percent (10%) penalty fee will be assessed on the billed charges.
- Accounts that have outstanding balances for longer than 30 days past the due date are subject to being turned off, disconnection fees, higher deposits, a lien being placed on the property, account information being sent to collections, and any other means management deems necessary in accordance with state law to collect the outstanding charges.
- The applicant will be required to pay a deposit of 1.5 times the highest utility bill at the residence. If an account is turned off for non-pay, an additional \$50 will be added to the deposit.
- If the applicant is a tenant of a property with a disclaimer on file, the minimum deposit will be \$250 as per Ordinance 9-6-5.
- Unpaid accounts will be considered delinquent and the deposit will be applied towards the outstanding balance. Any deposit left after the account has been paid will be returned to the applicant.
- It is the responsibility of the applicant to request services to be discontinued. The applicant is responsible for any services rendered up until either a request has been made to turn off services or until another resident applies for services to be turned on.
- The City is not liable for personal equipment (water heaters, thermal couplers, etc.) malfunctions or damage due to services being unexpectedly shutoff.
- The applicant is responsible for gas and water lines out from the meter. The applicant will be charged for all gas and water that flows through the meters even if a leak is found.
- It is the applicant's responsibility to hire a certified plumber to fix any piping problems out from the meter.
- If a gas or water leak exists, contact the city immediately to have services turned off.
- The applicant shall contact the city if they do not receive their monthly bill. Not receiving a bill does not excuse the consumer from paying for utility services.

**CITY OF DEMING  
NATURAL GAS**

**CUSTOMER NOTIFICATION FORM**

The City of Deming owns and operates the Natural Gas Distribution piping up to your property line. The City of Deming is not responsible for the gas lines inside your property.

In accordance with the PIPELINE SAFETY REGULATIONS Part 192.16 **Customer Notification** The City of Deming is required to notify you on the following:

- (1) The City of Deming does not maintain the customer's buried piping.
- (2) If the customer's buried piping is not maintained, it may be subject to the potential hazards of corrosion of leakage.
- (3) Buried gas piping should be-
  - (i) Periodically inspected for leaks;
  - (ii) Periodically inspected for corrosion if the piping is metallic; and
  - (iii) Repaired if any unsafe condition is discovered
