Absentee ballots are mailed 28 days before an election.

Absentee ballot APPLICATIONS must be received no later than Thursday immediately prior to the date of the election.

BALLOTS must be returned in the provided envelopes by 7 pm on Election Day

MILITARY AND OVERSEAS VOTING

PROVISIONAL VOTING

When voting in person, if an election worker cannot locate or verify your information, a provisional ballot may be issued.

This process allows voters the ability to submit their completed ballot and provides a way for the Clerk's Office to verify the eligibility of the voter.

If eligibility is verified, the vote is counted the same as other ballots.

Provisional ballots can be eliminated by checking registration and taking advantage of the same day voter registration process.

If you are on parole for a felony, in prison, or a court has found you to be mentally incompetent, you are not eligible to vote or register to vote. Please see additional information regarding felony convictions.
