

## Spring is here!

Thank you, citizens of Deming, for re-electing me as your Mayor. You have afforded me the privilege of serving as your Mayor for another four-year term. On the same note, our sincere appreciation to Councilmen Sanchez and Cruz on their decision to continue to represent the citizens of Districts 1 and 4. We at City Hall are grateful to the community for its support of the "Streets Bond". Your choice was clear via the almost 71% vote in favor of the bond.

Street projects have begun this Spring, as the weather is cooperating and we are now able to implement needed repairs and maintenance outlined in the Streets Maintenance Plan. We ask for your continued patience when negotiating our construction sites as we move through the summer months. We continue to make progress on the reuse storage project located at Pit Park, the sidewalk project on East Cedar and the second phase of the Walking Path from Columbus Road to Eighth Street.

Planning on monthly town hall meetings is in the works, as we want to hear your concerns and suggestions and hope that through these meetings we can improve the services we provide to our citizens. Please plan to attend, we want the opportunity to address minor concerns before they become major issues, allowing us the ability to provide efficient and needed services as well as educating the public on various City operations. Hope to see you there!

Have a great summer!

Regards, Benny L. Jasso, Mayor
